FONE50

USB Conference Phone

Enjoy crystal-clear conference calls with the AVer FONE50 speakerphone.

Connect via USB and start talking in seconds. FONE50's stylish design makes it easy for you to take your conference room anywhere with this portable speakerphone.

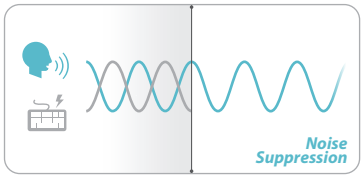
The AVer FONE50 speakerphone works right out of the box with leading UC platforms; and yes – it can also play your favorite music!

Crystal Clear Audio Quality

Enjoy crystal-clear calls with the FONE50 which can filter out background noise. Your conversations will sound vibrant and natural anywhere with the well designed FONE50 in the executive's office, small meeting rooms, or conference halls.

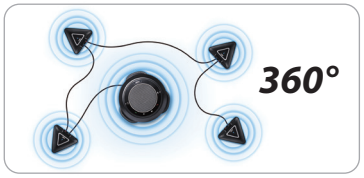
Automatic Echo Cancellation

The FONE50 adopts advanced noise and echo cancellation technologies; it brings you hassle-free conferencing and full-duplex audio experience. In addition, the FONE50 detects voices and ensures everyone is heard no matter if the conversation is unidirectional or bidirectional.



Noise Suppression Technology

Feeling irritated by background keyboard typing and paper shuffling noises while you are on a conference call? With FONE50's noise suppression technology, you will never have to listen to those annoying sounds again.

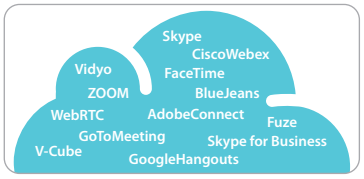


Full Duplex Microphone Array with 360° Room Coverage

The FONE50 is equipped with a fine-tuned speaker and three unidirectional microphones to provide a full 360-degree coverage to capture audio from up to 9m away; the system can also be connected with up to 4 delegate microphone stations.

USB Plug-and-Play

Connect to any device and be ready to talk in seconds. The FONE50 can be easily connected to your PC, tablet, or smartphone via a USB cable. Audio conferencing has never been this easy!



Full Compatibility with UC systems

Seamless integration with most UC systems such as Skype™, Skype for Business, Google Hangouts™, FaceTime®, Cisco Webex®, GoToMeeting®, Adobe® Connect™, BlueJeans, Zoom, Vidyo®, Fuze, WebRTC, V-Cube, and more.

AVer FONE50

USB Conference Phone
